DETAILED ACTION

1. The following is an examiner's statement of reasons for allowance:

The prior art does not teach or fairly suggest an active pixel sensor circuit comprising: a photodetector; an access transistor; and electronically reconfigurable transistor, successively operated as a source follower driver and a feed back amplifier; a reset transistor connected between the access transistor and the electronically reconfigurable transistor; and a first column buffer comprising: a first switch transistor connected to the reset transistor; and a second switch transistor connected to the electronically reconfigurable transistor; wherein during a reset operation, the first and second switch transistors connect the reset transistor with the electronically reconfigurable transistor to form a feedback path.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Lin Ye whose telephone number is (703) 305-3250. The examiner can normally be reached on Mon-Fri 8:00AM-5:00PM.
